## ROUND MODULE UP-ENDER KIT FOR ROLLER BED FEEDERS

### MODEL UEK-108

**“Finally, a solution that up-ends the module economically”**

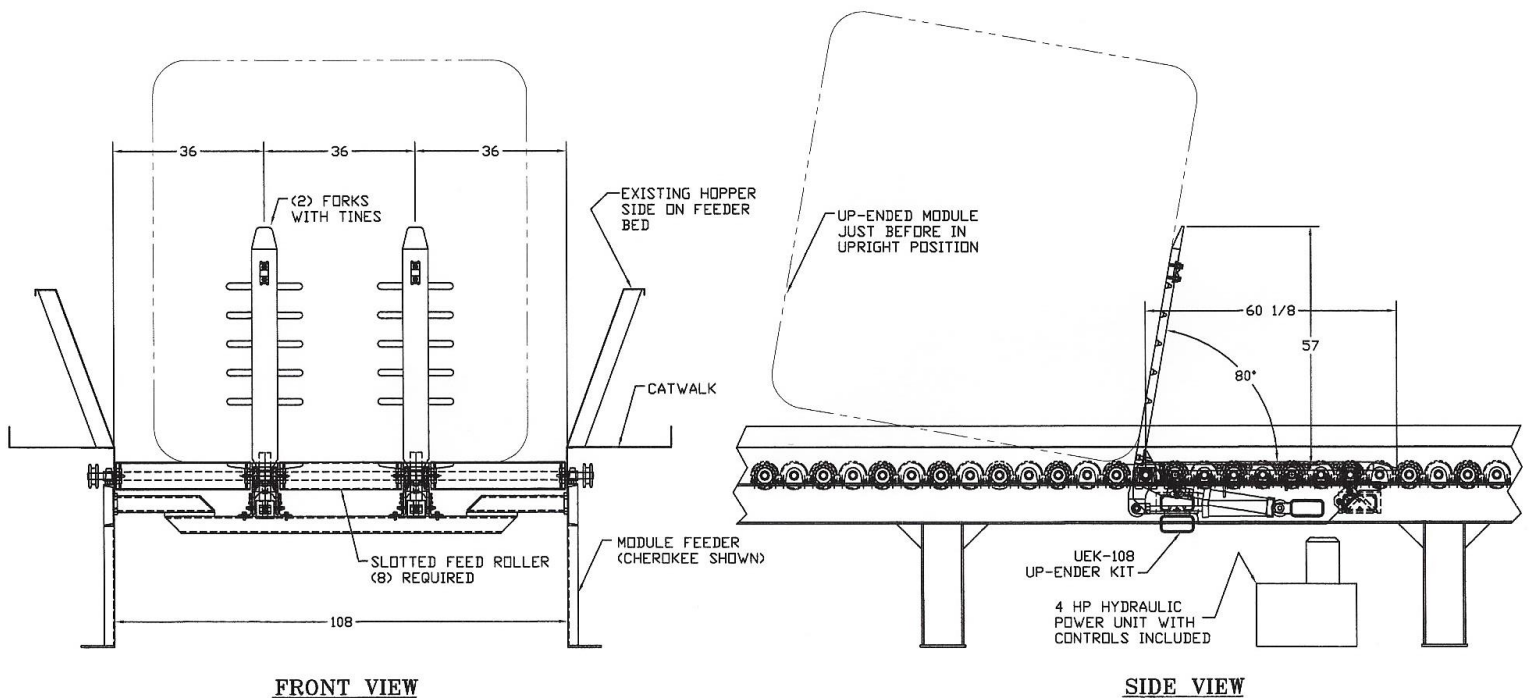

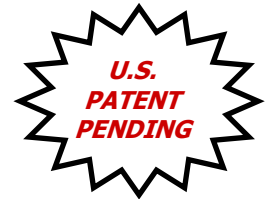

This kit will be custom designed to fit your roller bed feeder. All we need is a few dimensions.

#### ADVANTAGES:

1. Fits most Roller Bed Feeders and easy to install at any location of feeder bed
2. Forks are made of high strength steel with tines to help cradle the module
3. Forks prevent module from sagging during up-ending hence reducing spillage
4. Tines help reduce slippage when handling wet modules
5. Requires minor modifications to existing feeder bed
6. Simple and Safe to operate

#### SPECIFICATIONS:

1. 4 HP, 10 Gallon Hydraulic Power Unit is standard (Up Time = 30 secs., Down Time = 38 secs.)
2. Includes (1) NEMA 4 enclosure with all necessary controls, beacon, and safety mat
